For Local Clauses See: <http://www.osc.army.mil/ac/aaais/ioc/clauses/index.htm>

<u>Status</u>	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
---------------	------------------------	--------------	-------------

I-1 CHANGED	52.217-6	EVALUATED OPTION FOR INCREASED QUANTITY	MAR/1989
-------------	----------	---	----------

a. This solicitation includes an evaluated option (See Section M).

b. The Government reserves the right to increase the quantity of item(s) ITEM 0001 OR ITEM 0003 (WHICHEVER IS AWARDED) by a quantity of up to and including but not exceeding 100 percent as an evaluated option at the price(s) quoted below.

c. If the Contractor does not quote a price hereunder, the lowest price offered/bid in the Schedule for item(s) 0001 OR 0003 shall be the price used for evaluation/award of any option quantities. All evaluation factors identified in the solicitation, except F.O.B. origin transportation costs, will be applied to the option quantity for evaluation purposes.

d. The Contracting Officer may exercise the evaluated option at any time preceding the last scheduled delivery date by giving written notice to the Contractor.

e. Delivery of the items added by exercise of this option shall continue immediately after, and at the same rate as delivery of like items called for under the contract, unless the parties agree otherwise.

f. Subject to the limitations contained in this clause, the Government may exercise this option on one or more occasions.

g. Offered Unit Prices for the Option Quantities are:

Unit Price

Evaluated Option
(F.O.B. Origin)

\$_____ CLIN 0001 (FILL ONLY FOR CLIN BEING BID)
\$_____ CLIN 0003

Varying prices may be offered for the option quantities actually ordered and the dates when ordered. In as much as the unit price for the basic quantity may contain starting, load, testing, tooling, transportation or other costs not applicable to option quantities, offerors are requested to take these factors into consideration while setting forth the unit price(s) for the option quantities. The option price is expected (but not required) to be lower than the unit price for the initial quantity.

- 4. SMALL BUSINESS UTILIZATION PLAN

D. BASIS FOR AWARD:

1. A best value, competitive, firm fixed price contract is contemplated for award. The award will consist of the base year plus an 100 percent evaluated option. This requirement is restricted to the National Industrial Technology Base (NTIB - U.S/Canada).

2. Contractors will be required to submit a Capability/Facilities Plan. The plan will be given a GO or NO GO acceptance.

3. Award will be made to the offeror who has submitted an acceptable capability/facilities (GO) plan and whose price, recent, relevant record of past performance, and Small Business utilization provides the best value to the Government, considering the evaluation criteria stated herein. Recent is defined as occurring within the past three (3) years prior to the RFPs closing date for the purpose of identifying the period for which past performance information must be provided to the Government. However, the government may evaluate any performance in the period subsequent from the RFP closing date, but prior to the date of award. Relevant shall be defined as items requiring the same or similar manufacturing processes, skills, and abilities. The Government reserves the

Name of Offeror or Contractor:

right to determine whether an item is the same or similar. For the purpose of this acquisition, offeror is defined as prime contractor and subcontractor.

4. Information to be Submitted: Offerors shall provide information for each Factor and Sub-Factor in the format and sequence identified in the solicitation. The offerors must provide information in sufficient detail to allow the Government to make a Best Value assessment of the offeror's:

a. Capability/Facilities Plan (GO/NO GO):

The plan must describe essential processes and procedures, which will ensure that the M804 Body Assembly will be manufactured in accordance with the applicable technical data and must include a description of facilities, equipment, and capacity to be utilized to fabricate the M804 Body Assembly. For the forged configuration the plan shall include data to verify that production facilities possess either rotary or induction heating systems, Long stroke high tonnage press, backward extrusion hydraulic forging press, nosing press capability, heat treat with invert capability, high horsepower multi-axis machining capability and ultrasonic inspection. Additional critical skills require engineers, billet heaters, forge operators, computer numerically controlled programming, machinists, production management and inspectors. For the cast configuration the plan must include data to verify that production facilities possess casting capability or a sub to buy the casting from. Heat treat with invert capability, high horsepower multi-axis machining capability, hydrostatic test and radiographic inspection capability, Critical skills require engineers with experience in casting of cast ductile iron, heat treating, and machining projectiles using the above unique equipment, computer numerically controlled programming, machinists, production management and inspectors trained in the operation of non-destructive hydrostatic and radiographic test equipment. If equipment and facilities are not presently in place, the plan shall provide detailed assurances that the equipment and facilities will be in place in time to perform the operations required. The plan shall also include a date to verify that the necessary equipment and facilities will be operational in time to perform the operations required and to meet the required delivery schedule.

b. Recent, Relevant Past Performance to include On-Time Delivery and Quality

For the purpose of submitting proposals, "recent" is defined as occurring within the past 3 years prior to the solicitation's initial closing date. "Relevant" is defined as:

1. Of same or similar size, scope, and complexity requiring the same or similar skills;
2. Involving effort similar to one or more of the requirements under this solicitation; and

Offerors shall provide a brief narrative explanation of how/why they believe their experience is relevant; however, the Government reserves the right to determine whether an item/service is the same or similar.

On-Time Deliveries: Offerors shall provide information regarding recent, relevant past performance in the area of timeliness of deliveries. The offeror must provide information for deliveries made, deliveries scheduled to be made, and deliveries rescheduled to be made during the period of recent past performance. Include all supporting information for verification purposes concerning all these covered deliveries, even though this supporting information may precede the period defined as recent above.

Quality: Offerors shall provide information on their recent, relevant performance in the area of quality assurance, including quality assurance standards applied on recent, relevant contracts.

c. Price: Definition of Price is in Section M. Price shall be proposed in U.S. dollars.

d. Small Business Utilization. The offeror is to address the following factors in detail. For Small Businesses, as identified by the size standard for the North American Industry Classification System (NAICS) Code applicable to this solicitation, the offeror's own participation as a SB or HBCU/MI is to be identified and will be considered in evaluating small business utilization.

1. All offerors (small, large and foreign) are required to identify the extent to which the following small businesses and educational institutions will be utilized in the contract:

(a) Small Businesses (SBs), Veteran-Owned Small Business (VOSB), Service Disabled Veteran-Owned Small Business (SDVOSB), Small Disadvantaged Businesses (SDBs), Women-Owned Small Businesses (WOSBs), Historically Underutilized Business Zone (HUBZone) Small Businesses, hereinafter all referred to as SB; and
