**SECTION L - INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS**

**Economic Price Adjustment-Material (Steel)**

(a) This clause applies to the unit price(s) for steel only. The amount of increases or decreases will be limited to the unit price(s) of the actual material (steel) only and shall not include such costs as labor, overhead, G&A and profit. The Contractor shall notify the Contracting Officer if, at any time during contract performance, the unit price(s) for steel either increases or decreases. For the purpose of defining contract performance the basic contract and any options are considered to be individual performance periods and will be considered independent of each other. The Contractor shall furnish this notice within 60 days after the increase or decrease, or within any additional period that the Contracting Officer may approve in writing, but not later than the date of final payment under this contract. The notice shall include the Contractor's proposal for an adjustment in the contract unit price(s) to be negotiated under paragraph (b) of this clause, and shall include, in the form required by the Contracting Officer, supporting data explaining the cause, effective date, and amount of the increase or decrease and the amount of the Contractor's adjustment proposal.

(b) Promptly after the Contracting Officer receives the notice and data under paragraph (a) of this clause, the Contracting Officer and the Contractor shall negotiate a price adjustment in the contract unit price(s) and its effective date. However, the Contracting Officer may postpone the negotiations until an accumulation of increases and decreases in unit price(s) of steel results in an adjustment allowable under paragraph (c)(3) of this clause. The Contracting Officer shall modify this contract (1) to include the price adjustment and its effective date and (2) to revise the unit price(s) of material (steel) as proposed to reflect the increases or decreases resulting from the adjustment. The Contractor shall continue performance pending agreement on, or determination of, any adjustment and its effective date.

(c) Any price adjustment under this clause is subject to the following limitations:

(1) Any adjustment shall be limited to the effect on unit price(s) of the increases or decreases in the unit price(s) for steel. There shall be no adjustment for-

(i) Supplies or services for which the production cost is not affected by such changes;

(ii) Changes in unit price(s) other than those proposed; or

(iii) Changes in the quantities of material (steel) used from those proposed for each item.

(2) No upward adjustment shall apply to supplies or services that are required to be delivered or performed before the effective date of the adjustment, unless the Contractor's failure to deliver or perform according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Default clause.

(3) There shall be no adjustment for any change in the unit price(s) for material (steel) which would not result in a net change of at least 3 percent of the then-current total contract price. This limitation shall not apply, however, if, after final delivery of all contract line items, either party requests an adjustment under paragraph (b) of this clause. If the contractor anticipates such an adjustment will be required they shall inform the Contracting Officer no later than 90 days prior to final delivery during any performance period.

(4) The aggregate of the increases in any contract unit price made under this clause shall not exceed 10 percent of the original unit price during any performance period of the contract. There is no percentage limitation on the amount of decreases that may be made under this clause.

(d) The Contracting Officer may examine the Contractor's books, records, and other supporting data relevant to the cost of material (steel) during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier. Notwithstanding any other requirement of this clause the contractor shall provide to the Contracting Officer, on a semi-annual basis, in a form to be negotiated, information pertaining to actual or anticipated increases or decreases to the unit price(s) for material (Steel). As also required by this provision the contractor shall complete the information required below:

**Multiple Year (Single w/ 2 option years)**
