MOD/AMD 0002

Name of Offeror or Contractor:

SECTION A - SUPPLEMENTAL INFORMATION

The purpose of Amendment 0002 to Solicitation No. W52P1J04R0024 is to incorporate the following changes:

1. Section A, Executive Summary, paragraph 2(c) is hereby amended to incorporate the following language: The Government anticipates the partial basic award for Camp Arifjan to be funded with FY 04 funds and the balance of that basic award being funded with FY 05 funds. The Liaison support for all awardees (FFP CLINs) will be fully funded for the basic year.
2. Section A, Executive Summary, paragraph 3 is hereby amended to reflect the removal of Contingency Plan and to reflect the change in the Government's minimum guarantee to both the primary awardee and the second and third awardee. Language is amended to read: This is an IDIQ contract with no pre-established fixed contract prices. The actual work to be performed and the period of performance will be determined by the Contracting Officer, who will issue written task orders to the contractors. The Government makes no representation as to the number of Task Orders or actual work to be ordered. Guaranteed to be awarded to the primary awardee who represents the best value under the basic performance period of this contract, the Government's minimum requirement is Maintenance and Supply Services performed at Camp Arifjan, Kuwait, a Liaison at HQ AFSC on a Firm Fixed Price basis, and Maintenance and Supply Services at CEB-IZ (Iraq) (see Attachment 027) should it come to fruition. The minimum guarantee to the second and third awardees is a Liaison at HQ AFSC on a Firm Fixed Price basis. While the locations and types of support required in a given year may be varied and may include a mix of Major Regional Contingencies (MRCs), small scale contingencies, or other efforts identified in the PWS, the Government's maximum level of support shall not exceed the equivalent of two (2) MRCs plus one (1) small scale contingency per year for life of the contract.
3. Section A, Executive Summary, paragraph 3.a. is hereby amended to remove CLIN 1009 Contingency Plan. CLIN 1006 has been amended to reflect the following: 1006AA is Liaison Support and 1006AB is Travel for Liaison Support. CLIN 1010 has been amended to reflect the following: 1010AA is CEB-IZ Operations. CLIN 1010AB is CEB-IZ Facilities.
4. Section A, Executive Summary, paragraph 3.c. is hereby amended to reflect the change in the minimum pricing requirements and the removal of the Contingency Plan. Language is amended to read: Pricing. For this source selection your proposal and pricing requirements shall include: the Scope of Work (SOW) currently to be performed at Camp Arifjan, Kuwait, SOW for Combat Equipment Battalion-Iraq (CEB-IZ), and the HQ AFSC Liaison Support. The Performance Work Statement (PWS) provides for an overview of the work requirements for the Area of Responsibility (AOR). It is the Government's intent to issue individual TO's stating the specific requirements in the form of a SOW in accordance with the PWS. Each individual TO will be priced separately according to the specific requirements identified in each individual SOW. All offerors are required to submit proposals for the SOW for Camp Arifjan, Kuwait, the SOW for Combat Equipment Battalion-Iraq (CEB-IZ), and the HQ AFSC Liaison Support. Offerors should submit proposals that are in compliance with the Kuwaiti Labor Laws (see Attachment 003) for the SOW to be performed at Camp Arifjan, Kuwait and the SOW for CEB-IZ. The only work authorized under this contract is work ordered by the Government through the issuance of a TO.
5. Section A, Executive Summary, paragraph 3.e. is hereby amended to reflect the change of Scenario for CEB-IZ to SOW for CEB-IZ. Language is amended to read: The first task order (TO) anticipated is to be performed at Camp Arifjan, Kuwait. This task order competes the requirements currently performed at Combat Equipment Battalion-Kuwait (CEB-KU) by ITT Federal Services International Corporation (ITT), performing maintenance and supply functions at Camp Arifjan, Kuwait. If the SOW for CEB-IZ comes to fruition, the primary awardee for the first TO will also be awarded the CEB-IZ effort at a to be determined date.
6. Section A, Executive Summary, paragraph 3.f. is hereby amended to remove CLIN 1009 Contingency Plan. CLIN 1006 has been changed to reflect 1006AA for Liaison Support and 1006AB for Travel for Liaison Support. CLIN 1010 has been changed to reflect 1010AA for CEB-IZ Operations and 1010AB for CEB-IZ Facilities.
7. Section A, Executive Summary, paragraph 5.c. is hereby amended to remove CLIN 1009. CLIN 1006 has been amended to the following: 1006AA for Liaison Support and 1006AB for Travel for Liaison Support. CLIN 1010 has been amended to the following: 1010AA for CEB-IZ Operations and 1010AB for CEB-IZ Facilities; both are a Level of Effort. CLIN 1010AA CEB-IZ Operations will be a Labor Hours CLIN 1010AB CEB-IZ Facilities will be Cost Plus Fixed Fee.
8. Section B, Supplies or Services and Prices/Cost is hereby amended to incorporate the following changes: CLINs 1006, 2006, 3006, 4006, 5006, 1009, 2009, 3009, 4009, 5009, 1010, 2010, 3010, 4010, and 5010 have been removed from the solicitation. CLINs 1006, 2006, 3006, 4006, and 5006 for Liaison Support and CLINs 1010, 2010, 3010, 4010, and 5010 for CEB-IZ Support will be amended and changes reflected in Section B of Amendment 0003. Due to system error, Amendment 0003 to be issued 29 Mar 2004 will address changes made to Section B.
9. Section G, Contract Administration Data, CLIN Structure Table, is hereby amended to reflect the changed CLIN information. Contingency Plan has been removed. Liaison Support is now broken into Liaison Support and Travel for Liaison Support. CEB-IZ Scenario has been renamed to CEB-IZ Support and is now broken into CEB-IZ Operations and CEB-IZ Facilities. Additional language has been added in reference to 1010AB CEB-IZ Facilities: The CEB-IZ Facilities CLIN will be priced for the base year only with an estimated total cost of \$50 Million (rough order of magnitude). Option Years 1-4 will not be priced at this time (see Attachment 030).
10. Section H, Clause 52.245-4506, Government Furnished Property, is hereby amended to reference the correct Exhibit, Exhibit E.
11. Section I, Clause 52.245-2, is hereby removed and replaced with clause 52.245-5.

CONTINUATION SHEET**Reference No. of Document Being Continued****Page 3 of 33**

PIIN/SIIN W52P1J-04-R-0024

MOD/AMD 0002

Name of Offeror or Contractor:

12. Section J, List of Attachments, is hereby amended to include Attachment 027, SOW CEB-IZ; Attachment 028, Q&A Prior to Proposal Submission; Attachment 029 CEB-IZ Staffing, Attachment 030 CEB-IZ Facilities Costs, and Attachment 031 Cost Format E-Summary of Fully Burdened Labor Rates. Exhibit H is hereby removed from the solicitation.

13. Section L, Clause 15.305(A)(2)(II) Past Performance Information is hereby removed from the solicitation. Language in this section is hereby amended to read: I. BASIC CONTRACT AWARD: The basic contract award shall consist of Contract Line Item Numbers (CLINs) 0001AA and 0001AB for a 2-month (60 day) Transition Planning and Execution effort; 0001AC for Transition Phase-Out and CLIN 0008 for the accompanying Contract Data Requirements List (CDRL). All other CLINs consisting of Maintenance Operations, Supply Operations, Medical Operations, Information Management, Controlled Access Website, Base Operations, Liaison Support, CAP/CAS, and accompanying CRDLs are included in the ten remaining months of the base year and are included as four-single year evaluated options available through FY 2009. Basic contract award will consist of Maintenance and Supply Services at Camp Arifjan, Kuwait, Maintenance and Supply Services at CEB-IZ should it come to fruition, and Liaison Support at HQ AFSC at a amount of \$150,000.00 per base year and 4 option years awarded to the primary awardee, as a minimum. Second and third awardee will be awarded as a minimum, Liaison Support at HQ AFSC at an amount of \$150,000.00 per base year and 4 option years.

CEB-IZ is an option to the basic contract and if exercised will be awarded to the primary awardee. The option consists of two CLINs, CEB-IZ Operations and CEB-IZ Facilities. CLIN 1010AA CEB-IZ Operations will be applicable for base year and up to four single-year evaluated options. CLIN 1010AB CEB-IZ Facilities will be priced to reflect an estimated total cost of \$50 Million for the base year. Option Years will not be priced for CLIN 1010AB.

14. Section L, General, paragraph 1 is hereby amended to remove Contingency Plan from the stated language.

15. Section L, section I, paragraph B, Maintenance Operations (Level of Effort/Staffing) is hereby amended to include the following language in reference to Exhibit E. "Any additional GFE/GFP required will be separately priced. Costs associated with additional GFE/GFP will be identified in Cost Proposal Volume III." It is also been amended to include the following language: For pricing purposes, offerors should assume all material (repair parts, consumables, etc.) will be purchased through a Government Supply System.

16. Section L, section I, paragraph C, Supply Operations (Level of Effort) is hereby amended to include the following language in reference to Exhibit E. "Any additional GFE/GFP required will be separately priced. Costs associated with additional GFE/GFP will be identified in Cost Proposal Volume III." It is also been amended to include the following language: For pricing purposes, offerors should assume all material (repair parts, consumables, etc.) will be purchased through a Government Supply System.

17. Section L, paragraph E, Contractor Acquired Purchases, is hereby amended to include the following language: CLIN for Contractor Acquired Purchases is Cost Only. General and Administrative (G&A) will be paid on material IAW contractor disclosed accounting practices, within the parameters set forth in the solicitation. The offeror's proposed G&A rate (to be applied to reimbursable dollars) should be specified in the proposal. Further, it will be paid through the reimbursable line and correspondingly is part of the NTE ceiling. Specifically, the direct costs and associated G&A cannot exceed \$500,000.00 per year. The offeror shall use the surrogate NTE price of \$500,000.00 for each performance year (base year and 4 option years) in the cost proposal.

18. Section L, paragraph J, Scenario for Camp Contingency has hereby been removed from the solicitation.

19. Section L, paragraph K, Scenario for CEB-IZ SOW has hereby been amended to reflect the name change to CEB-IZ SOW and now references Attachment 027, SOW for CEB-IZ.

20. Section L, paragraph A Past Performance Data Submission Requirements has hereby amended to include the following relevant past experience criteria: establishment of operations.

21. Section L, II. Volume I-Past Performance Information, paragraph 3, is hereby amended to include the following submission requirements: The contractor shall submit 2 hardcopies (1 hardcopy marked ORIGINAL and 1 additional hardcopy) as well as five (5) electronic copies on CD-ROM of Volume I and PRAG Forms 1-3 (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

22. Section L, III. Volume II-Technical/Management Information, is hereby amended to incorporate a first paragraph stating: Two separate Technical/Management Information proposals are required for the following efforts: 1. Camp Arifjan, Kuwait. 2. CEB-IZ, Iraq.

23. Section L, III. Volume II-Technical/Management Information, first paragraph FOR CAMP ARIFJAN, KUWAIT, is hereby amended to include the following submission requirements: The contractor shall submit 2 hardcopies (1 hard copy marked ORIGINAL and 1 additional hardcopy) as well as two (2) electronic copies on CD-ROM of Volume II-Technical/Management Information (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

24. Section L, III. Volume II-Technical/Management Information, paragraph B is hereby amended to remove transportation recovery support from the paragraph.

25. Section L, III. Volume II-Technical/Management Information, paragraph B(1) is hereby amended to read as follows: Maintenance Direct Labor Spreadsheet, Attachment 015. (Spreadsheet is not counted against the 35 pages limit) When preparing the Maintenance Direct Labor

Name of Offeror or Contractor:

Spreadsheet, Direct Labor must be separately identified for each of the following work elements:

- (a) TI
- (b) BII/COEI
- (c) Lube Order
- (d) A-Level Service
- (e) Corrective Maintenance
- (f) Preservation/Stenciling
- (g) Exercising
- (h) Other

Note: Work elements can be subdivided into sub-elements but must be rolled up to the identified work elements.

26. Section L, III-Volume II-Technical/Management Information paragraph B(1)(h) has been amended to read as follows: Corrective Maintenance: Reset workload for corrective maintenance shall be at 200% of (Lube Order (LO) plus A-Level Service). For future items without A-Level Services over Lube Order Corrective Maintenance will be calculated at 100% of all other Direct Labor Hours spent on that LIN.

27. Section L, III-Volume II-Technical/Management Information, paragraph 2, is hereby amended to read as follows: (3) Supply Direct Labor Spreadsheet, Attachment 21, (spreadsheet is not counted against the 35 pages limit) when preparing the Supply Direct Labor Spreadsheet, Direct Labor must be separately identified for each of the following work elements:

- (a) Receive and Issue
- (b) Preservation, Packaging, and Storage
- (c) Shelf Life Items
- (d) Inventory
- (e) Movement Support Team
- (f) Transportation
- (g) Container Support
- (h) Other

Note: Work elements can be subdivided into sub-elements but must be rolled up to the identified work elements.

28. Section L, III-Volume II-Technical/Management Information: the following paragraph has been added at the end of Volume II: Language reads: FOR CEB-IZ, IRAQ: The following assumptions should be made when offerors submit their proposals for CEB-IZ:

- 1. Land and access to land provided.
- 2. Estimated \$50M in facilities will be funded. See Attachment 030.
- 3. CEB-IZ Operations will run a simple 8-hour shift. Annual Staffing will be IAW Attachment 029.

Volume II: For CEB-IZ:

The technical proposal will be prepared in enough detail that if the CEB-IZ option is exercised the proposal will execute with only minor changes. How operations will be established and how long it will take are critical to the Government and should be emphasized in this proposal. The proposal should include:

- 1. Methodology for establishing operations:
 - a. Initial start up team
 - b. Personnel Issues: ramp-up, hiring procedures, POMing, etc.
 - c. Facility construction
 - d. Life Safety
 - e. Full operations
 - f. Purchasing, including local
- 2. Timeframe/Milestones: including the following milestones:
 - a. Overall/Critical
 - b. Proposal Modification/Review Process
 - c. Key Review
 - d. Coordination/Approval

29. Section L, IV. Volume III-Cost/Price Information, first paragraph, is hereby amended to include the following submission requirements: The contractor shall submit 6 hardcopies (1 hardcopy marked ORIGINAL and 5 additional hardcopies) as well as two (2) electronic copies on CD-ROM of Volume III-Cost/Price Information (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

30. Section L, IV. Volume III-Cost/Price Information paragraph B is hereby amended to include the following changes: a new first paragraph has been added to read: 1. Two separate cost proposals are required for the following efforts:

Part 1-Camp Arifjan
Part 2-CEB-IZ

The Offeror shall submit the required cost information as detailed below in two separate volumes.

Paragraph numbering system has been amended to reflect the above paragraph addition.

CONTINUATION SHEET**Reference No. of Document Being Continued**

Page 5 of 33

PIIN/SIIN W52P1J-04-R-0024

MOD/AMD 0002

Name of Offeror or Contractor:

31. Section L, IV. Volume III-Cost/Price Information, paragraph B(4) is hereby amended to incorporate the following subparagraphs:

(e) CLIN 1006AA-Liaison Support (Firm Fixed Price): The offeror shall bid \$150,000.00 for the base year. This amount shall include all applicable overhead, G&A and profit. The offeror should make its own assumptions and use its own judgment regarding inflation factors for option years 1 through 4.

(f) CLIN 1006AB-Travel Expenses for Liaison (Cost Only): For evaluation purposes each offeror shall propose (number of trips) trips per year for (number of people) from (origin) to (destination).

(g) CLIN 1007 is Cost Only. General and Administrative (G&A) will be paid on material IAW contractor's disclosed accounting practices, within the parameters set forth in the solicitation. The offeror's proposed G&A rate (to be applied to reimbursable dollars) should be specified in the proposal. Further, it will be paid through the reimbursable line and correspondingly is part of the ceiling. Specifically, the direct costs and associated G&A cannot exceed \$500,000.00 per year. The offeror shall use the surrogate price of \$500,000.00 for each performance year (base year and 4 option years) of the contract in the cost proposal. Paragraph numbering system has been amended to reflect the above additions.

(h) CLIN 1010AA-Operations Support: The offeror shall propose a fully burdened labor rate for each labor category as provided in the RFP. (see Attachment 031). Format E shall be used to provide the required information. Format B shall be used to propose the labor hours. Offerors should take into account Kuwaiti Labor Laws when proposing the labor rates (see Attachment 003). No overtime pay shall be included. The offeror shall utilize the inflation factors provided in the RFP for pricing option years 1 through 4.

(i) CLIN 1010AB-Facilities: Each offeror shall utilize the surrogate price of \$50,000,000.00 for the base year only for evaluation purposes. Option years will not be priced. The surrogate price of \$50,000,000.00 shall include all applicable overhead, G&A, fee, etc.

32. Section L, IV. Volume III-Cost/Price Information, is hereby amended to add the paragraph 4 in the required Format Section. The following language has been added: Format E, Summary of Fully Burdened Labor Rates, provides summary data on the fully burdened (including Profit) rates for CLIN 1010AA-5010AA. The data should include breakouts of labor categories (as provided in the RFP), base labor rates, direct and indirect labor adders, total composite rates and clarification narratives. The format includes the following: Column 1 will contain the Year(base or option years). Column 2 will provide the proposed labor categories. Column 3 will provide the base rates. Columns 4 and 5 (extended to as many columns as necessary) will provide the direct and indirect labor adders (including profit). (Extend columns as necessary so each adder has its own column). Column 6 will provide the composite (fully burdened) rate. Column 7 will provide any appropriate clarification remarks. Note: Additional columns and rows may be added to clarify the breakout of any cost elements.

33. Section L, IV. Volume III-Cost Price Information, first sentence of paragraph 6 is hereby amended to read: IAW Section J, Attachment 18, the offeror shall provide two separate pivot table databases for Part 1-Camp Arifjan and Part 2-CEB-IZ.

34. Section L, IV. Volume III-Cost Price Information, paragraph 6(a) is hereby amended to include the last sentence stating: Do not change the data already shown in the database.

35. Section L, IV. Volume III-Cost Price Information, paragraph 6(b) is hereby amended to include the last sentence stating: Do not change the data already shown in the database.

36. Section L, IV. Volume III-Cost Price Information, is hereby amended to include a new paragraph (7) stating:IAW Section J, Attachment 18, the offeror shall provide a pivot table database for Part 2-CEB-IZ. The database is provided in Section J, Attachment 18. The offeror shall utilize the EXCEL format provided to input the required data for submission with the cost proposal. The prime contractor shall incorporate the proposals into the databases submitted by each major subcontractor. The database shall match the data submitted in the cost proposal. In the event the Government requires a revised cost proposal, the offeror shall submit a revised database that agrees with the revised cost proposal. The database required is as follows:

(a) Labor Rates Database: Each labor category shall be input for each SubCLIN and performance year. For example, if ten separate labor categories are performing work in subCLIN 1010AA, Performance Year 1, each labor category must be listed in Column (F) of the database along with the corresponding base labor rate, fringes, overhead, etc. Formulas may be utilized within the database to perform various calculations. Column size may be adjusted as necessary. The offeror may insert as many rows as necessary into the database. Numerical values in each column shall be formatted the same way through the database. Any narrative that is repeated shall be spelled and formatted the same way throughout the database, i.e. Position Title, Column (F). Do not change the data already shown in the database. If no input is required, the cell shall be left blank.

37. Section L, V. Volume IV-Small Business Utilization, first paragraph is hereby amended to include the following submission requirements: The contractor shall submit 2 hardcopies (1 hardcopy marked ORIGINAL and 1 additional hardcopy) as well as two (2) electronic copies on CD-ROM of Volume IV-Small Business Utilization (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

38. Section M, 4. Cost/Price Factor is hereby amended to include the following statement: For CAP/CAS CLINs (Cost Only), each offeror shall use the surrogate price of \$500,000.00 for each performance year (base year and 4 option years) of the contract in the cost

Name of Offeror or Contractor:

proposal for evaluation purposes.

39. Section M, 4. Cost/Price Factor is hereby amended to include the following section L (i) For CLIN 1010AB (Start-Up Facilities Costs), each offeror shall use the surrogate price of \$50,000,000.00 for the base year only for evaluation purposes.

40. The following Attachments/Exhibits are hereby amended and recommended for review:

- (a) Attachment 001 Performance Work Statement Appendices F & G-Reference to Contingency Plan and CEB-IZ Scenario have been removed from the PWS.
- (b) Attachment 002 Arifjan, Kuwait SOW- reference to Exhibit E for GFE/GFP List has been added to paragraph 3.1.1.1.
- (c) Attachment 006 Standard Cost/Price Data Formats-Cost Format C, Summary of ODC Costs has been revised.
- (d) Attachment 007 PRAG Form 1 has been revised.
- (e) Attachment 011 Memorandum for RESET Maintenance Standard has been replaced with current memorandum.
- (f) Attachment 015 Maintenance Direct Labor Spreadsheet has been revised.
- (g) Attachment 018 Database for Pivot Tables Spreadsheet has been revised.
- (h) Attachment 021 Supply Direct Labor Spreadsheet has been revised.
- (i) Attachment 027 CEB-IZ (Iraq) SOW has been added as an attachment.
- (j) Attachment 028 Q&A Prior to Proposal Submission has been added as an attachment.
- (k) Attachment 029 CEB-IZ Staffing has been added as an attachment.
- (l) Attachment 030 CEB-IZ Facilities Costs has been added as an attachment.
- (m) Attachment 031 Cost Format E-Summary of Fully Burdened Labor Rates has been added as an attachment.
- (n) Exhibit H Density List for CEB-IZ SOW has been removed from the solicitation.

41. As a result of this amendment, the proposal due date remains unchanged.

*** END OF NARRATIVE A 003 ***

EXECUTIVE SUMMARY

1. Notice: This is a Formal Source Selection for the Maintenance and Supply/Services within CONUS or OCONUS Area of Responsibility (AOR) and established operations. The Government anticipates Source Selection will occur on 06 April 2004, through 07 June 2004. Proposals must be developed reflecting the 01 Oct contract start date for two months (i.e. 60 days) transition followed by a 10-month performance period, and must be priced in accordance with section B. Be advised that if an amendment extends the closing date for the RFP, this performance period may also be extended. The Contracting Officer, Ms. Julie Seaba is the Government Point of Contact for all matters concerning this acquisition. Refer all of your questions or communications regarding this solicitation directly to the Contracting Officer (KO), Ms. Julie Seaba AMSFS-CCF-A, Building 390, Garden Level NW, Rock Island, IL 61299-6500, (309) 782-3317, or seabaj@osc.army.mil.

2. Nature of Requirement:

a. The Army Field Support Command is advertising this procurement on an unrestricted basis inviting full and open competition. The overall objective of this solicitation is to provide maintenance and supply services in support of Army Materiel Command (AMC), Army Field Support Command (AFSC), coalition forces, any other government agency and/or other branches of the Armed Services within CONUS or OCONUS, that the Contracting Officer (KO) authorizes. This procurement consists of one solicitation with the intent to award multiple awards up to three (3) Indefinite Delivery Indefinite Quantity (IDIQ) /Task Order (TO) Service contracts to the responsible offerors, whose proposals, conforming to the Request for Proposal (RFP), will be most advantageous to the Government resulting in the Best Value, cost or price and other factors considered. AWARDS MAY BE MADE TO COMPANIES OTHER THAN THOSE SUBMITTING THE LOWEST PRICE. OFFERORS ARE ADVISED THAT AWARDS MAY BE MADE WITHOUT DISCUSSIONS OR ANY CONTACT CONCERNING THE PROPOSAL RECEIVED. THEREFORE THE OFFERORS INITIAL PROPOSAL SHOULD CONTAIN THE OFFERORS BEST OFFER. The Government reserves the right to award up to three contracts covering projects identified in this RFP if the minimum guarantee of funds is not available for additional awards.

b. Private Industry. The private industry offer, which represents the best value to the Government, will be the one whose combined Technical/Management, Past Performance/Performance Risk, Cost/Price proposals, and Small Business Utilization (only for efforts issued through Task Orders to be performed CONUS) are deemed to represent the best value to the Government. It is essential that your initial proposal Past Performance worksheets, Technical and Management proposals, Cost/Price spreadsheets, and Small Business Utilization proposals are complete and present the best terms possible, as the Government reserves the right to award without discussions.

c. Availability of Funds. This solicitation is not currently funded. Each task order issued pursuant to this contract will be funded separately. It is included in the financial plans for FY04 and is intended to be funded through FY09. The Government reserves the right to not fund all CLINs. The basic contract period and any option years exercised will be subject to availability of funds at the time of award. Funds will be certified, subject to the Availability of Funds (See FAR 52.232-18), if appropriated by Congress. The Government anticipates the partial basic award for Camp Arifjan to be funded with FY 04 funds and the balance of that basic award being funded with FY 05 funds. The Liaison Support for all awardees (FFP CLINs) will be fully funded for the basic year.

CONTINUATION SHEET**Reference No. of Document Being Continued**

Page 7 of 33

PIIN/SIIN W52P1J-04-R-0024

MOD/AMD 0002

Name of Offeror or Contractor:

d. The work to be acquired under this solicitation is for the Maintenance and Supply/Services within the US Central Command (CENTCOM) Area of Responsibility (AOR), CONUS or OCONUS AOR and established operations. Capabilities will include performing maintenance on a variety of wheeled and tracked vehicles, non-tactical vehicles, etc. and operating a Government Supply Activity. Award factors will vary depending on the unique requirements to each task order and may be competed on the basis of price, best value or technically acceptable, low price.

3. This is an IDIQ contract with no pre-established fixed contract prices. The actual amount of work to be performed and the period of performance will be determined by the Contracting Officer, who will issue written task orders to the contractors. The Government makes no representation as to the number of Task Orders or actual amount of work to be ordered. Guaranteed to be awarded to the primary awardee who represents the best value under the basic performance period of this contract, the Government's minimum requirement is Maintenance and Supply Services performed at Camp Arifjan, Kuwait, a Liaison at HQ AFSC on a Firm Fixed Price basis, and Maintenance and Supply Services at CEB-IZ (Iraq) (see Attachment 027) should it come to fruition. The minimum guarantee to the second and third awardees is a Liaison at HQ AFSC on a Firm Fixed Price basis. While the locations and types of support required in a given year may be varied and may include a mix of Major Regional contingencies (MRCs), small scale contingencies, or other efforts identified in the PWS, the Governments maximum level of support shall not exceed the equivalent of two (2) MRCs plus (1) small-scale contingency per year for the life of the contract.

a. There will be a contract award consisting of a 60-day transition period with ten (10) months performance and four (4) single year evaluated option periods available through FY 2009 and a phase-out transition period; or when the contingency operations cease. The Government anticipates a transition period including phase-in and phase-out, a base contract performance period, with evaluated option periods for potential task orders. The time frames for transition and periods of performance are to be specified with each individual task order. (Example: Year 1 (CLINs 1001 (Maintenance Operations), 1002 (Supply Operations), 1003 (Medical Operations), 1004 (Information Management), 1005 (Base Operations) 1006AA (Liaison Support), 1006AB (Travel for Liaison Support), 1007 (CAP/CAS), 1008 (CDRLs) and 1010AA for (CEB-IZ Operations) and 1010AB for (CEB-IZ Facilities)). For evaluation purposes, the offeror's proposed cost/price for all option years will be added to the proposed cost/price for the basic award. Each option year may be awarded based upon successful contractor performance. Unsatisfactory contractor performance may result in issuing a new task order and requesting a proposal from the other two awardees. See Section I, Clause I-110 (IF6066) for Option to Extend the Term of the Contract.

b. Contract award is projected for the third quarter of Fiscal Year (FY) 2004. The basic award shall consist of Contract Line Item Numbers (CLINs) 0001AA, 0001AB, 0001AC (2 months (60 days) for Transition/Phase-In and Transition/Phase-Out) and 10 months of contract performance and contains four (4) 12-month evaluated option periods for a total maximum duration of 60 months (i.e. 5 years), 0006 AFSC Liaison. As this contract is funded with Operations and Maintenance - Army (OMA) funds, all other CLINs for future FY requirements are included as evaluated options. The contractor will assume all functions in the Performance Work Statement (PWS) during the transition period. The transition period will commence on or about 01 October 2004 through 30 November 2004.

c. Pricing. For this source selection your proposal and pricing requirements shall include: the Scope of Work (SOW) currently to be performed at Camp Arifjan, Kuwait, SOW for Combat Equipment Battalion-Iraq (CEB-IZ) and the HQ AFSC Liaison Support. The Performance Work Statement (PWS) provides for an overview of the work requirements for the Area of Responsibility (AOR). It is the Government's intent to issue individual TO's stating the specific requirements in the form of a SOW in accordance with the PWS. Each individual TO will be priced separately according to the specific requirements identified in each individual SOW. All Offerors are required to submit proposals for the SOW for Camp Arifjan, Kuwait, SOW for Combat Equipment Battalion-Iraq (CEB-IZ) and the HQ AFSC Liaison Support. Offerors should submit proposals that are in compliance with the Kuwaiti Labor Laws (see Attachment 003) for the SOW to be performed at Camp Arifjan, Kuwait. The only work authorized under this contract is work ordered by the Government through the issuance of a TO.

d. After award of the initial contract, each awardee shall be provided a fair opportunity to be considered for each TO, except under those circumstances described in FAR Part 16.505(b)(2).

e. The first task order (TO) anticipated is to be performed at Camp Arifjan, Kuwait. This task order competes requirements currently performed at Combat Equipment Battalion-Kuwait (CEB-KU) by ITT Federal Services International Corporation (ITT), performing maintenance and supply functions at Camp Arifjan, Kuwait. If the SOW for CEB-IZ comes to fruition, the primary awardee for the first TO will also be awarded the CEB-IZ effort at a to be determined date.

f. This contract contains Line Items, which will be awarded on a Firm Fixed Price (Transition (Phase-In and Phase-Out), Medical Operations, Information Management, Controlled Access Website, and Liaison Support), Cost-Plus-Fixed-Fee (Maintenance Operations, Supply Operations, Base Operations, and CEB-IZ Facilities), Labor Hours (CEB-IZ Operations) and Cost Only (Contractor Acquired Purchases and Travel for Liaison Support) basis. (Example: Year 1 (CLINs 1001 (Maintenance Operations), 1002 (Supply Operations), 1003 (Medical Operations), 1004AA (Information Management), 1004AB (Controlled Access Website), 1005 (Base Operations) 1006AA (Liaison Support), 1006AB (Travel for Liaison Support), 1007 (CAP/CAS), 1008 (CDRLs, and 1010AA (CEB-IZ Operations) and 1010AB for CEB-IZ Facilities).

4. Task Order Management:

Name of Offeror or Contractor:

a. Task Order Procedures: The Contractor shall perform in accordance with the specific Government issued task order. A task order is the only official document to be used by the Government to request work from the Contractor for the requirements described in the scope of work attached to the task order. The Contracting Officer is the only individual authorized to issue task orders. Each task order will clearly describe the period of performance to accomplish the SOW, specify the work to be completed, will reference the applicable contract paragraph(s), and shall specify how, when, and where it is to be accomplished. Each task order will clearly describe the specifications, quality, specified deliverables, delivery point, time for delivery and/or performance and inspection and acceptance criteria.

b. Task Order Issuance: Upon receipt of a task order request, the Contractor shall submit a Task Order Management Plan (TMP) in addition to price/cost proposal. The price/cost proposal shall separately identify costs for each activity in the task order request. Normally within 10 working days after the completion of negotiations on the estimated price/cost and work to be performed, the Contracting Officer will issue the task order.

c. Personnel Management: The contractor will make provisions that will allow to increase or decrease qualified personnel as needed to accomplish each individual task order, if required.

d. Task Order Flexibility: "Task order contract" means a contract for services that do not procure or specify a firm quantity of services (other than a minimum or maximum quantity) and that provides for the issuance of orders for the performance of tasks during the period of the contract. It will be imperative that the Contractor maintains flexibility to increase or decrease workloads based on the delivery of task orders from the KO. Additional task orders may require the Contractor to further deploy to any other locations within AOR, which may or may not be a developed site.

5. Basis for Award: Offers will be evaluated consistent with the criteria set forth within Section M of this solicitation. Following the evaluation of offers, the Source Selection Authority (SSA) will select the offer which represents the best value to the Government. Source Selection procedures will be used and up to three awards may be made to the offerors whose proposals are the most advantageous and offers the best value to the Government, price and other factors considered. The Government reserves the right, with sole discretion, to award without discussions. The SSA will compare, analyze, and recommend award or assignment to the offeror, which represents the Best Value to the Government.

a. The ultimate decision to award this requirement to private industry rests with the Source Selection Authority. The Source Selection Authority's decision will be based upon his/her judgment, that it is in the best interest of the Government; and that is in his/her discretion provided under 32 USC 113a.

b. Proposals. Offeror's proposals will be submitted on the dates specified in Block 9 of the SF33. Offeror's proposals shall consist of four volumes: Volume I shall contain Past Performance Information, Volume II shall contain Technical/Management Information, Volume III shall contain Cost/Price Information, and Volume IV shall contain Small Business Utilization information; this information will only be for efforts issued through Task Orders to be performed CONUS. The Contracting Officer requests offerors to submit the information on PRAG Form 3 within 30 days of the issue date of the Request for Proposal. Proposals should be effective a minimum of 180 days after submission. See Section L for Proposal Submission requirements.

c. The following CLINs for all years will be a Level of Effort: 1001, 1002, 1005, 1007, 1010AA, and 1010AB. The following CLINs for all years will be a Completion of Effort: 0001AA, 0001AB, 0001AC, 1003, 1004AA, 1004AB, 1006AA, and 1006AB. The CDRL CLIN for all years will be: 1008.

6. Clauses: In reviewing this solicitation you will notice in section I, K, L, and M clauses that are not necessarily applicable to the requirements of the First Task Order (Camp Arifjan, Kuwait). These clauses were incorporated into this solicitation in anticipation of future requirements and provide greater contract flexibility.

CEB-IZ Operation		LH	LH	LH	LH	LH
CEB-IZ Facilities		CPFF				
CDRLS		NSP	NSP	NSP	NSP	NSP

For the following CLINs: Maintenance Operations, Supply Operations, and Base Operations will be Cost-Plus-Fixed-Fee (CPFF) for the base year (consisting of 60 days of transition and 10 months of performance) and Option Year 1. For Option Years 2 through 4, it is the Government's intent to transition these CLINs into Cost-Plus-Award-Fee (CPAF). The Government reserves the right to change CLIN structure.

The CEB-IZ Facilities CLIN will be priced for the base year only with an estimated total cost of \$50 Million (rough order of magnitude). Option Years 1-4 will not be priced at this time. (see Attachment 030).

TASK ORDER PROCEDURES

1. Task Orders (TOs). One or more TOs may be issued during the performance period of this contract. In accordance with the Federal Acquisition Streamlining Act (FASA) and FAR 16.505(b), the Contracting Officer (KO) will give each awardee a fair opportunity to be considered for each order unless one of the conditions in paragraph B (2) below apply. Procedures and selection factors to be considered for each TO which provide fair opportunity are set forth in B (1) below.

2. Procedures Providing a Fair Opportunity for Consideration on Each Requirement. The Government intends to provide all awardees a fair opportunity for consideration. This fair opportunity will be provided through the Government's examination of existing information already in the Government's possession, such as awardees original proposal (labor rates, technical/management approaches, etc.) current past performance report records (including the Contractors original proposals data if it is the most current data in the Government's possession), and current workload. As work proceeds under this contract, past performance report records submitted with the original proposal may be disregarded for current performance reports received on Task Orders performed under this contract. The Government's examination of existing information will be conducted in light of the functional and/or

Name of Offeror or Contractor:

technical areas of the requirement and used to determine which awardees will be requested to submit a proposal for the requirement. Although the Government is not required to do so, it is possible that this examination will result in the Government contacting all of the multiple awardees for submission of a proposal. Offerors have 3 days to submit, in writing, to KO their intent on whether they will or will not submit a proposal for the given Task Order. Additional guidelines on proposal dates and submission requirement timelines will be given with each individual TO. Selection Criteria for Awarding Task Order. Once the proposals for the requirement are received, the Government will evaluate the proposals against selection criteria identified in each individual Task Order. The Government's award decision will be based, as a minimum, on a selection that addresses past performance, technical/management approach, progress towards subcontracting goals, (CONUS Only), price/cost and current workload.

3. Solicitation of Written Proposal from Selected Contractor. The cognizant KO will issue a written TO proposal request which will specify the anticipated contract type, proposal requirement proposal due date, and selection criteria. Proposal due date will generally be between 7 and 15 calendar days. However, more or less time may be necessary based on requirements. These examples may be:

a. Proposal Requirements:

Technical Approach
Key Personnel
Quantities/hours of personnel by labor categories
Other Direct Costs (ODCs)
Risks
Period of Performance
GFP/GFE/GFI
Security (including clearance level)
Teaming Arrangement to include subcontracting
Certification Statement

b. The technical proposal information may be streamlined, e.g., the Government anticipates proposals consisting of 5-10 pages stating compliance or exception to TO requirements, risks, assumptions, and conflict of interest issues. Proposals shall not merely restate TO PWS requirements.

c. Cost proposals shall include detailed cost/price amounts of all resources required to accomplish the task, (i.e. man-hours, equipment, travel, etc.). As a minimum, the following data will be provided:

(1) Identify labor categories in accordance with the labor rates and the number of hours required for performance of the task. Cost proposals must be complete, which include all required information. The offeror must provide with complete prices, identification and rationale for all non-labor, and ODC cost elements and identify any Government Furnished Property (GFP) and/or Government Furnished Information (GFI) required for task performance.

(2) The awardee shall provide an original cost proposal to the KO. Cost reimbursable cost proposals must include, as a minimum, a complete Work Breakdown Structure (WBS), with labor categories and hours, which coincide with the indirect technical approach; development of loaded labor rates (breakout base rate and all indirect rates applied); estimated costs and indirect rates for ODCs (supplies, equipment, travel, etc.)

(3) Other Relevant Information: This information shall always be in writing and shall address other relevant information as required by the contract or requested by the TO proposal request.

(4) Unauthorized Work. The contractor is not authorized to commence task performance prior to issuance of a signed TO or verbal approval provided by the CO to begin work. Task Funding Restrictions. No unfunded and/or optional tasks are allowed.

(5) Contractors shall provide written notification to the KO, and COR, prior to adding any new labor category. The contractor shall submit a revised cost proposal to show original amount/award, proposed revised amount and difference.

(6) Task Order Issuance. TOs may be issued by mail or facsimile or via electronic commerce.

(7) Ombudsman Description. In accordance with FAR 16.505(a)(8), no protest under FAR Subpart 33.1 is authorized in connection with KO decision regarding fair opportunity or the issuance of a TO under this contract, except for a protest on the grounds that a TO increases the scope, period, or maximum value of the contract. Complaints from the contractors will be reviewed and ensure that all contractors are afforded a fair opportunity to be considered, consistent with the procedures in the contract.

H-1 CHANGED	52.245-4506 OSC	GOVERNMENT FURNISHED PROPERTY Schedule of Government Furnished Property	OCT/1994

(a) Pursuant to the Government Property clause in Section I of this contract, the Government shall furnish F.O.B. contractor's place of performance, the Government-owned property listed in Exhibit E of this document for use in the performance of this contract.

(b) The property shall be delivered in accordance with the schedule set forth in Exhibit E of this document.

(c) If the property is not received in accordance with the schedule set forth in Exhibit E of this document, the Contractor shall immediately notify the Contracting Officer in writing.

(d) The quantity of Government Furnished Material (GFM) which is offered herein is contingent upon award of the total quantity solicited herein. Should the actual quantity awarded be less than the total quantity solicited, the Government retains the right to unilaterally reduce the quantity of GFM which will be provided under any resultant contract. Any said reduction shall be on a pro-rata basis.

I. BASIC CONTRACT AWARD

The basic contract award shall consist of Contract Line Item Numbers (CLINs) 0001AA and 0001AB for a 2-month (60 day) Transition Planning and Execution effort; 0001AC for Transition Phase-Out and CLIN 0008 for the accompanying Contract Data Requirements List (CDRL). All other CLINs consisting of Maintenance Operations, Supply Operations, Medical Operations, Information Management, Controlled Access Website, Base Operations, Liaison Support, CAP/CAS, and accompanying CRDLs are included in the ten remaining months of the base year and are included as four-single year evaluated options available through FY 2009. Basic contract award will consist of Maintenance and Supply Services at Camp Arifjan, Kuwait, Maintenance and Supply Services at CEB-IZ should it come to fruition, and Liaison Support at HQ AFSC at a amount of \$150,000.00 per base year and 4 option years awarded to the primary awarded, as a minimum. Second and third awardee will be awarded as a minimum, Liaison Support at HQ AFSC at an amount of \$150,000.00 per base year and 4 option years.

CEB-IZ is an option to the basic contract and if exercised will be awarded to the primary awardee. The option consists of two CLINs, CEB-IZ Operations and CEB-IZ Facilities. CLIN 1010AA CEB-IZ Operations will be applicable for base year and up to four single-year evaluated options. CLIN 1010AB CEB-IZ Facilities will be priced to reflect an estimated total cost of \$50 Million for the base year. Option Years will not be priced for CLIN 1010AB.

Information to be submitted: Offerors shall provide information for each Factor or Sub-factor in the format and sequence identified in the solicitation. The offerors must provide information in sufficient detail to allow the Government to make a Best Value assessment of the offeror's past performance, technical/management information, cost/price information, and their small business utilization (for CONUS Task Orders only).

Proposal Evaluation: Proposals pertaining to technical/management information, cost/price information, and small business utilization (for CONUS Task Orders only) shall be evaluated only on their content. Assumptions, preconceived ideas, and personal knowledge or opinions for these factors not supported by material provided in the proposal will not be considered or used as a basis for evaluation. However, the Government's evaluation of Past Performance may include data/information from sources other than those provided with the offeror's proposal.

A. Transition. Offerors should consider the scope and level of effort to ramp-up and transition to a fully operational status by 30 November 2004 while ensuring continuity of operations during the transition period. Offerors should consider the workload to be accomplished in accordance with Section C, PWS, Appendix A.

1. Transition Planning.
2. Transition Execution.
3. Transition Phase-Out.

B. Maintenance Operations (Level of Effort/Staffing). Offerors should develop skill levels on the following: (1) the workload in Section J, Attachment 1 and 2; equipment density lists in Exhibit D, (2) Representational Equipment Density List, Exhibit D; (CENTCOM AOR site map and Camp Arifjan, Kuwait site map) Attachment 4, (3) the GFE/GFP for Camp Arifjan, Kuwait available in Exhibit E. Any additional GFE/GFP required will be separately priced. Costs associated with additional GFE/GFP will be identified in Cost Proposal Volume III. (4) Format-Maintenance Direct Labor Spreadsheet, Attachment 15. Manning levels, work hours, etc., derived must be consistent with the offeror's management concepts presented in Volume II. For pricing purposes, offerors should assume all material (repair parts, consumables, etc.) will be purchased through a Government Supply System.

C. Supply Operations (Level of Effort). Offerors should consider the workload in Section J, Attachment 1 and 2, the equipment density list in Exhibit D and the GFE/GFP for Camp Arifjan, Kuwait available in Exhibit E. Any additional GFE/GFP required will be separately priced. Costs associated with additional GFE/GFP will be identified in Cost Proposal Volume III. Manning levels, work hours, etc., derived must be consistent with the offeror's management concepts presented in Volume II. For pricing purposes, offerors should assume all material (repair parts, consumables etc.) will be purchased through a Government Supply System.

Name of Offeror or Contractor:

D. Medical Operations. Offerors should consider the workload in Section J, Attachment 1 and 2, Class VIII Medical Equipment Density List in Exhibit F considering the capabilities and limitations of the site in Attachment 4. Manning levels, work hours, etc., derived must be consistent with the offeror's management concepts presented in Volume II. For pricing purposes, offerors should assume all material (repair parts, consumables etc.) will be purchased through Government Supply System.

E. Contractor Acquired Purchases. Offerors should consider the workload to be accomplished in accordance with attachments 1 and 2. CLIN for Contractor Acquired Purchases is Cost Only. General and Administrative (G&A) will be paid on material IAW contractor disclosed accounting practices, within the parameters set forth in the solicitation. The offeror's proposed G&A rate (to be applied to reimbursable dollars) should be specified in the proposal. Further, it will be paid through the reimbursable line and correspondingly is part of the NTE ceiling. Specifically, the direct costs and associated G&A cannot exceed \$500,000.00 per year. The offeror shall use the surrogate NTE price of \$500,000.00 for each performance year (base year and 4 option years) in the cost proposal.

F. Information Management. Offerors should consider the workload associated with supporting the computer equipment shown in Section J, Exhibit G in accordance with attachments 1 and 2.

G. Base Operations. Offerors should consider the workload in Section J, Attachment 1 and 2, the representational equipment density list in Exhibit D considering the capabilities and limitations of the site in Attachment 4, and the GFE/GFP for Camp Arifjan, Kuwait available in Exhibit E. Manning levels, work hours, etc., derived must be consistent with the offeror's management concepts presented in Volume II. For pricing purposes, offerors should assume all material (repair parts, consumables etc.) will be Government provided.

H. Liaison Support. Offerors should consider the workload to be accomplished in accordance with attachment 1.

I. Controlled Access Website. Offerors should consider the workload to be accomplished in accordance with attachments 1 and 2.

J. CEB-IZ SOW. Offerors should consider the workload and assumptions to be accomplished in accordance with attachment 027, CEB-IZ SOW.

1. CEB-IZ Operations (Level of Effort). Offerors shall develop skill levels and pricing based on a general staffing plan IAW attachment 029. For pricing purposes, offeror should assume all material is purchased through Government Supply System.

2. CEB-IZ Facilities (Level of Effort). Offerors will be responsible for establishing a maintenance/supply operations in extremely austere working conditions. (e.g. a plot of land). For pricing purposes, offerors shall use attachment 030 to identify facility costs.

If an offeror wants evaluation credit for the experience or capability of proposed team members, affiliates, subcontractors, or others that are not inherently controlled by the offeror, the offeror should provide firm commitments in the form of proposed subcontracts, letters of intent, valid offers, purchase agreements, letters of commitment, or other means which provides evidence of the likelihood of the proposed performance. Clear identification of the work to be performed by other team members, affiliates, subcontractors, or others should be provided.

NOTE: The Technical/Management Evaluation Team will evaluate the direct labor staffing information provided in the offeror's presentation. The staffing plan must be consistent with the cost/price proposal. Offerors must include adequate rationale to support their staffing plan. The submitted rationale must demonstrate the offeror's understanding of the Performance Work Statement.

The following workload/hours of operation assumptions can be made for the first task order to be performed at Camp Arifjan, Kuwait. The contractor shall establish regular duty hours, subject to ACO approval. The standard workweek shall be 48 hours (6 days x 8 hours per day). Hours worked beyond 48 shall be considered overtime. The contractor should be prepared to work 72 hours (6 days x 12 hours per day) workweeks. The Contractor shall be available on a 24 hour-a-day basis to meet surge or emergency requirements as directed by the Government. The contractor may be required to work overtime during other than regular hours, and to perform high-priority missions on short notice as well as operate multiple shifts.

II. VOLUME I - PAST PERFORMANCE INFORMATION

General. For the purpose of submitting proposals, "recent" is defined as occurring within the past three (3) years prior to the solicitation's initial closing date. Offerors shall provide a brief narrative explanation of how/why they believe their experience is relevant (see definition of relevant below); however, the Government reserves the right to determine whether an item/service is the same or similar.

Past Performance: Sources available to the Government other than the contractor's proposal will be used to evaluate past performance. Sources such as, but not limited to, contracting and pre-award offices at other commands may be used to gather information. In addition, the Government has the right to consider information regarding contractor performance up to the date of award.

Name of Offeror or Contractor:

The Procuring Contracting Officer (PCO) requests Past Performance Information, on Attachment 9 (PRAG Form 3) of the solicitation, be provided within 30 days of the issue date of the Request for Proposal. All Volume I Past Performance Information shall be provided with the proposal submission. The contractor shall submit 2 hard copies (1 hard copy marked ORIGINAL and 1 additional hard copy) as well as five (5) electronic copies on CD-ROM of Volume I and PRAG Forms 1-3 (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

A. Past Performance Data Submission Requirements. Offerors are expected to demonstrate they possess relevant past experience in the following areas: maintenance of similar equipment, management of ammunition, control of Government property, operation of a Government supply system, hand-off of equipment, establishment of operations and quality management. Past performance data is required for the offeror, individual team or joint venture members, and major subcontractors, which perform critical functions/tasks on this contract/project.

1. Relevant Contracts: Information regarding all Federal Government contracts/projects, which meet the definition of relevant contracts/projects (see below), shall be submitted. Information regarding relevant state and local Government contracts/projects and/or commercial contracts/projects may be included if the Federal Government contracts/projects do not demonstrate adequate relevant experience in all areas of the statement of work. It is the responsibility of the offeror to convey the relevancy of any contract cited. Relevant contracts/projects are those:

- a. of similar size, scope and complexity;
- b. which were awarded or commenced within three (3) years prior to the closing date of this solicitation;
- c. were awarded or commenced more than three (3) years ago, but were completed within one year of the closing of this solicitation, or
- d. are on-going contracts/projects; and
- e. for joint venture/teaming arrangement, where the managing partner was also managing partner in another joint venture/teaming arrangement.

2. Forms: The forms listed below and included in Section J, Attachments 7-9, will be completed by the offeror. PRAG Form 4 at Section J, Attachment 10 is provided for reference only.

PRAG Form 1: (Attachment 7): Summary of Relevant Contract/Project
PRAG Form 2: (Attachment 8): Summary of Environmental Compliances on Relevant Contracts
PRAG Form 3: (Attachment 9): Contract References
PRAG Form 4: (Attachment 10): Contractors Past Performance Questionnaire

B. Volume I Past Performance, Format and Contents.**1. Introduction:**

- a. Provide an Executive Summary of the offeror's management team composition with brief descriptions of important aspects of the offeror's proposed approach, organizational composition, and/or experience, which the PRAG should consider in its assessment of performance risk.
- b. Provide a Summary of Relevant Contract/Project Experience, PRAG Form 1 (Attachment 7), completed for all relevant contracts/projects. This form serves as the master reference for all of Volume I. The offeror shall assign a reference number to each contract/project listed and shall use this number throughout Volume I, in narratives, charts or forms, when it refers to this contract or experience or events associated with this contract.

2. Customer Satisfaction:

a. Past Performance Questionnaire, PRAG Form 4 (Attachment 10), will be provided to the references listed on PRAG Form 3 (Attachment 9) and other persons with knowledge of the offeror's performance. The Government reserves the right to determine to whom and for which contracts questionnaires will be sent to ensure that a fair sampling of past performance is considered. This form is provided for reference only.

b. Offerors shall complete the Contact/Project References Form, PRAG Form 3 (Attachment 9), and provide references for the Government to contract to verify information obtained by the PRAG for purposes of assessing an offeror's performance risk. References shall be provided for each contract/project listed on PRAG Form 1 (Attachment 7). For Federal Government contracts, these points of contact will normally be the Procuring

Name of Offeror or Contractor:

Contracting Officer, the Administrative Contracting Officer, the Government Program Engineer of Contracting Officer's Technical Representative. For other contracts, the references should be customer points of contact with knowledge of the offeror's past performance. It is the responsibility of the offeror to ensure that all information included on this form is current, accurate and complete.

c. Offerors are reminded that both data submitted by the offeror and data independently obtained by the Government may be used to evaluate the offeror's past performance and may be used as a basis to determine performance risk. Since the Government may not contact all of the references provided by the offeror, it is incumbent upon the offeror to fully explain the relevance of the data provided and to ensure that the data is current, accurate and complete. Proposals and PRAG forms that do not contain the requested information risk failing to receive credit for aspects of their past experience which may improve their performance risk rating. In addition to the information specifically requested for review, the offeror may also provide any information relevant to the subfactors listed in Section M to assist the Government in its evaluation.

3. Technical and Quality Compliance:

The offeror should discuss how technical and quality competencies and unique abilities obtained by past experience on similar projects will be translated into increased probability that the technical requirements in the Statement of Work will be successfully accomplished. Discussions would include proven competencies on similar projects which would apply to the maintenance of similar material, management of ammunition, control and accountability or similar property of use a relevant supply system, handoff of equipment and quality. Discuss how business practices/controls on past contracts resulting in exceeding contract requirements are relevant to this requirement. Offerors shall provide any examples of national quality awards or quality program certifications that provide evidence of the offeror's commitment to quality. The offeror shall identify and address the causes and outcome of any Show Cause Letter, Cure Notice or contract termination received due to the offeror's failure to satisfy technical requirements of the contracts/projects.

4. Risk Management Performance:

a. Management/Teaming Experience. The offeror shall describe its prior management experience with similar projects, including oversight of subcontractors. For offerors who have formed a joint venture/teaming arrangement for the purpose of submitting an offer on this RFP, identify the managing partner of this joint venture/teaming arrangement. Further, the offeror shall provide examples where the managing partner of this joint venture/teaming arrangement was the managing partner of other joint ventures/teaming arrangements, if applicable. Offerors should also identify those contracts/projects where any of the joint venture/teaming arrangement contractors, or subcontractors, have worked together in the past. Discussions in this section should include how management efforts facilitated meeting milestones and overall project completion.

b. Problem Resolution. The offeror should provide examples of problems experienced during similar projects and how they were resolved. Identify where corporate resources, outside those specifically assigned to the project, were drawn upon to resolve pragmatic problems or issues. Discussion should include any impact to cost, schedule and contract performance.

c. Environmental Compliance. The offeror shall provide a general assessment of their relationship with Federal and State Regulatory Agencies. The offeror shall complete the Summary of Environmental Non-Compliance Form, PRAG Form 2, for all citations, including criminal penalties, civil penalties, and/or consent orders/agreements received, on any of the PRAG Form 1 listed contracts from the United States Environmental Protection Agency or state environmental regulatory agencies.

d. Safety Culture. The offeror shall describe how it has incorporated a safety culture throughout its organization or on specific contracts. The offeror shall also provide (in either a chart or a table) OSHA reportable statistics maintained on the contract referenced in PRAG Form 1, and shall compare those statistics to industry average rates on annual basis for the past three (3) years. The offeror shall provide accident reports for all accidents during the past three (3) years on the contracts referenced in PRAG Form 1 where injuries resulted in permanent or partial disability, fatalities, or property damage that exceeded \$20,000. (Accident reports will not be included in the Volume I page count.)

5. Cost Control:

For each contract listed in PRAG Form 1, provide a bar chart that reflects the negotiated cost baseline compared to the actual costs incurred for each of the past three (3) years. If actual costs for the current year are not available, provide the projected cost estimate. Offerors shall address any causes for overruns, which exceed two (2) percent of the negotiated baseline, and efforts it took to control costs and reduce the risk and magnitude of future overruns. Discuss how business practices/controls on past contracts, resulting

Name of Offeror or Contractor:

in cost under runs, are relevant to this requirement.

III. Volume II - Technical/Management Information

Two separate Technical/Management Information proposals are required for the following efforts:

1. Camp Arifjan, Kuwait
2. CEB-IZ, Iraq

FOR CAMP ARIFJAN, KUWAIT:

Technical Management Volume II shall contain the offeror's Technical and Management Proposals and will be comprised of two parts as stated below. The contractor shall submit 2 hard copies (1 hard copy marked ORIGINAL and 1 additional hard copy) as well as two (2) electronic copies on CD-ROM of Volume II-Technical/Management Information (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

A. Section One of Proposal One. The first section will provide the offeror's concept for Personnel Management to include: Transition, staffing plan and key personnel. Transition planning is critical to the Government and should be emphasized in the proposal. The transition portion should describe all major activities of the transition starting with contract award, or Phase-in, through full performance of the contract. Other schedule attributes are duration of task, required resources and when and what Government involvement is required. Describe how continuity of operations will be maintained. The offeror should address key personnel, their qualifications, availability and length of commitment to his program, related work experience, and performance record. Discuss recruitment and retention of personnel, turnover-matching personnel with workload, obtaining security clearances, and training. Provide any innovation and/or unique approaches that will apply to and benefit this program.

B. Section Two of Proposal One. The second section will provide the offeror's concept for management of Maintenance Operations. Provide an organizational chart of the proposed organization with direct and indirect personnel strengths and discuss the methodology used to develop the organization. The offeror's plan should address the offeror's management concepts and technical plan for accomplishing the maintenance requirements in the PWS. The proposal should address tasks performed by direct and indirect personnel to support transition, maintenance operations, supply operations, medical operations, contractor acquired purchases, information management, and base operations. In addition to a complete description on indirect labor, the proposal should include:

(1) Maintenance Direct Labor Spreadsheet, Attachment 15. (Spreadsheet is not counted against the 35 pages limit) When preparing the Maintenance Direct Labor Spreadsheet, Direct Labor must be separately identified for each of the following work elements:

- (a)TI
- (b)BII/COEI
- (c)Lube Order
- (d)A-Level Service
- (e)Corrective Maintenance
- (f)Preservation/Stenciling
- (g)Exercising
- (h)Other

Note: Work elements can be subdivided into sub-elements but must be rolled up to the identified work elements.

The following workload calculation assumptions should be made:

- (a) All direct man-hours will be identified in spreadsheets. The skill sets should be identified for all shops.
- (b) These hours will be clearly identified in the cost proposal.
- (c) The equipment density list represents workload (reset) from beginning of month one (1)through month twenty-four (24).
- (d) For the first 18 months of maintenance: 24 hours per day, 7 days per week Maintenance operations supported with a work week consisting of six (6) days a week, twelve (12) hour shifts, two (2) shifts per day, for fifty-two (52) weeks per year.

Name of Offeror or Contractor:

(e) Months 19 through 24: Direct labor will ramp down (linearly) to (6) days a week, eight (8) hour shifts, one (1) shift per day, for fifty-two (52) weeks per year.

(f) After 24 months the density list represents the steady state workload. Equipment will be store in CH Warehouses, with maintenance performed IAW TM 38-470.

(g) Agricultural Cleaning: one wash bay with 25% utilization, one shift per day.

(h) Corrective Maintenance: Reset workload for corrective maintenance shall be at 200% of(Lube Order (LO) plus A-level service). For future items without A-Level Services over Lube Order Corrective Maintenance will be calculated at 100% of all other Direct Labor Hours spent on that LIN.

(1) Reset TI's take 100% more time than steady state TI's due to Delayed Desert Damage (DDD) requirements.

(2) Flexibility to change quantity and skill of maintenance personnel to changes in equipment density.

(3)Supply Direct Labor Spreadsheet, Attachment 21, (spreadsheet is not counted against the 35 pages limit) when preparing the Supply Direct Labor Spreadsheet, Direct Labor must be separately identified for each of the following work elements:

- (a) Receive and Issue
- (b) Preservation, Packaging, and Storage
- (c) Shelf Life Items
- (d) Inventory
- (e) Movement Support Team
- (f) Transportation
- (g) Container Support
- (h) Other

Note: Work elements can be subdivided into sub-elements but must be rolled up to the identified work elements.

The following workload calculation assumptions should be made:

(a) All direct man-hours will be identified in spreadsheets. The skill sets should be identified for all functional areas.

(b) For the first 18 months: 24 hours per day, 7 days per week supply operations supported with a workweek consisting of six (6) work days a week, twelve (12) hour shifts, two (2) shifts per day, for fifty-two (52) weeks per year.

(c) Months 19 through 24: Labor will ramp down (linearly) to six (6) days a week, eight (8) hour shifts, one (1) shift per day, for fifty-two (52) weeks per year.

(d) 40% of assets by line item/quantity on the density list will require receipt transactions.

(e) 40% of the assets by line item/quantity on the density list will require issue transactions.

(f)100% of inventory at transition and inventory requirements as stated in the PWS.

(g) Average of 2000 Class 9 requisitions per month.

(h) Average receipt of 250- 20-foot ISO containers per month.

(i) Average shipment of 250 20-foot ISO containers per month.

(j)After 24 months the density list represents the steady state workload.

FOR CEB-IZ, IRAQ:

The following assumptions should be made when offerors submit their proposals for CEB-IZ:

1. Land and access to land provided.
2. Estimated \$50M in facilities will be funded. See Attachment 030.
3. CEB-IZ Operations will run a simple 8-hour shift. Annual Staffing will be IAW Attachment 029.

Name of Offeror or Contractor:

Volume II: For CEB-IZ:

The technical proposal will be prepared in enough detail that if the CEB-IZ option is exercised the proposal will execute with only minor changes. How operations will be established and how long it will take are critical to the Government and should be emphasized in this proposal. The proposal should include:

1. Methodology for establishing operations
 - a. Initial start up team
 - b. Personnel Issues: ramp-up, hiring procedures, POMing, etc.
 - c. Facility construction
 - d. Life Safety
 - e. Full operations
 - f. Purchasing, including local
2. Timeframe/Milestones: including the following milestones:
 - a. Overall/Critical
 - b. Proposal Modification/Review Process
 - c. Key Review
 - d. Coordination/Approval

IV. Volume III - Cost/Price Information

Volume III shall contain the offeror's Price/Cost proposal information. Offerors shall include a copy of the schedule located in Section B of the solicitation with their supporting cost information. The contractor shall submit 6 hard copies (1 hard copy marked ORIGINAL and 5 additional hardcopies) as well as two (2) electronic copies on CD-ROM of Volume III-Cost/Price Information (Microsoft Office 2000 compatible (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

A. Financial Information. The offeror shall provide for itself and its major subcontractors, which exceed \$550,000 dollars during each 12-month performance period, financial information sufficient to allow the Government to make a determination as to the company's financial condition. Financial statements should pertain to the business unit(s) that will actually be performing the work. The following list is to be used as a guideline, however, deviation from the format specified below will not be considered grounds for disqualification from the competition so long as the information provided constitutes a reasonable substitute:

(1) The most recent three years of financial statements (preferably audited). (Note: the submission of unaudited financial statements will delay the evaluation process.) The Government reserves the right to audit all unaudited financial statements.

(2) Financial statements should include, at a minimum, the following for each company:

Balance Sheet
Income Statement
Statement of Cash Flow
Footnotes to the Financial Statements
Copy of the Certified Public Accountant's Opinion regarding the Financial Statements submitted.

(3) A copy of the current annual report, if available.

(4) Any additional information provided in the offeror's (including prime and/or subcontractors) submission package will be considered. Examples of other information include: current part year financial statements, current open credit lines and pro formal financial statements for future years. This information will be used to evaluate your firm's financial capabilities. If the company to be performing the work is a division of a parent company where the parent company is financially responsible for the operations of the division, audited financial statements for the parent company will suffice. In this case, the company should provide legal documentation to support the existence of such a relationship. If the company to be performing the work is a subsidiary of a parent company where the parent company is not financially responsible for the operations of the subsidiary, audited financial statements of a parent company are generally not a sufficient substitute unless one of two conditions exists:

i. The company obtains, and furnishes to the contracting officer, a written supplement to the CPA firm's existing statement regarding the parent company's financial statements. This supplement should state clearly that the independent auditor has reviewed the subsidiary's or division's financial statements as submitted in response to this RFP, and has found them to be an accurate representation of that business unit's financial condition as of the date of those statements.

ii. The parent company submits to the contracting officer, a letter of commitment, signed by an official with the authority to bind the firm, stating that the parent company assumes financial responsibility for

Name of Offeror or Contractor:

the performance of this subsidiary of subordinate company in the performance of this contract.

iii. If the company to be performing the work is a joint venture, limited liability company, or similar type of entity, the company should submit the financial statements of all the participating firms. This includes any financial statements, pro forma or otherwise that exist for the performing entity. The company should also submit legal documentation clearly disclosing the conditions of the business arrangement and the attendant financial terms.

B. Cost Format Information.

1. Two separate cost proposals are required for the following efforts:

Part 1-Camp Arifjan, Kuwait

Part 2-CEB-IZ (Iraq)

The offeror shall submit the required cost information as detailed below in two separate volumes.

2. If work is to be performed by two or more divisions (or subsidiaries) within the prime contractor, a separate cost proposal shall be submitted for each division or subsidiary for its portion of the effort in excess of 550,000 dollars.

3. The offeror shall provide a cost proposal prepared in accordance with FAR 15.403-5, 15.408 Alt IV, the Table at 15-2, and the format shown in Section J, Attachment 6. In addition to the six (6) hard Master copies of the fully supported cost proposal documentation, the offeror shall provide two (2) electronic copies of their cost proposal spreadsheet in Microsoft Excel. data may be on 3.5-inch disks or on CDs. Offerors shall provide one (1) copy of their cost proposal directly to their DCAA office. Spreadsheets shall contain all formulas and algorithms, shall be in the same format as the cost proposal, and shall calculate proposed costs. For CPAF CLINs, each element of cost shall be documented completely to show the basis and rationale used to arrive at the amount proposed, and the proposal shall be properly cross-referenced. Supporting information for each cost element must be adequate for evaluators to determine the cost buildup and include all rates, hours, escalation, cost data sources, methodology and assumptions used. Explanations should address the mechanics of the detailed calculations, (i.e. pivot tables, lookup tables, cell name definitions) The offeror's electronic proposal will be utilized to compute the impact of the most probable cost adjustments.

4. The following supporting data shall be submitted for each CLIN as described below. This data also shall be included within an appropriately cross referenced supporting narrative.

a. Labor. Offerors shall provide a breakdown of labor classifications, which show the number of personnel in each classification, their estimated hours, the labor rates used and their basis, and the total cost. The offerors will identify the number of productive and nonproductive hours per person per year. Nonproductive hours are defined as hours expended for non-work time such as vacation, holiday, sick leave, and other personal leave. The offerors should state the number of hours for each of these elements. The offerors should explain how the nonproductive hours will be accumulated and charged.

b. Overhead. Rates will be separately identified for work on site and work at other locations.

c. CPAF CLINs. The offeror will propose a Base Fee and Award Fee.

d. Inflation Factors. For all Cost Reimbursable Contract Line Items, offerors shall use the following Inflation Factors in their calculations. These indices are derived from factors recently issued by the Department of Defense which reflect the latest Office of Management and Budget economic assumptions._

For 2004 use 1.6517

For 2005 use 1.6980

For 2006 use 1.7441

For 2007 use 1.7926

For 2008 use 1.8475

For Firm Fixed Price pricing, each offeror should make its own assumptions and use its own judgment regarding inflation factors.

If proposed costs for Performance Year (PY) 2004 through FY 2008 do not change, except for escalation, the prime contractor and subcontractors are not required to provide support data beyond the grand summary and CLIN Format A level. If the Contracting Officer deems it appropriate during the process of evaluating proposal, he/she reserves the right to request that the required cost information be completed down to the sub-CLIN level for all or some of the CLINs. Further, the Contracting Officer may require submittal of cost information from subcontractors/vendors whose proposal falls below the threshold of \$550,000, depending on

Name of Offeror or Contractor:

the level of subcontractor involvement.

e. CLIN 1006AA-Liaison Support (Firm Fixed Price): The offeror shall bid \$150,000.00 for the base year. This amount shall include all applicable overhead, G&A and profit. The offeror should make its own assumptions and use its own judgment regarding inflation factors for option years 1 through 4.

f. CLIN 1006AB-Travel Expenses for Liaison (Cost Only): For evaluation purposes each offeror shall propose travel for 4 trips per year (1 per quarter) for one person from HQ CONUS or OCONUS to a to be determined site.

g. CLIN 1007 is Cost Only. General and Administrative (G&A) will be paid on material IAW contractor's disclosed accounting practices, within the parameters set forth in the solicitation. The offeror's proposed G&A rate (to be applied to reimbursable dollars) should be specified in the proposal. Further, it will be paid through the reimbursable line and correspondingly is part of the ceiling. Specifically, the direct costs and associated G&A cannot exceed \$500,000.00 per year. The offeror shall use the surrogate price of \$500,000.00 for each performance year (base year and 4 option years) of the contract in the cost proposal.

h. CLIN 1010AA-Operations Support: The offeror shall propose a fully burdened labor rate for each labor category as provided in the RFP. (see Attachment 031). Format E shall be used to provide the required information. Format B shall be used to propose the labor hours. Offerors should take into account Kuwaiti Labor Laws when proposing the labor rates (see Attachment 003). No overtime pay shall be included. The offeror shall utilize the inflation factors provided in the RFP for pricing option years 1 through 4.

i. CLIN 1010AB-Facilities: Each offeror shall utilize the surrogate price of \$50,000,000.00 for the base year only for evaluation purposes. Option Years will not be priced. The surrogate price of \$50,000,000.00 shall include all applicable overhead, G&A, fee, etc.

j. Cost/Price Formats

(1) Cost/Price Formats A through D shall be used by the offeror as a supporting breakdown for the information on the first page of the cost proposal (see FAR Table 15-2). Cost/Price Formats A through D are provided in Section J, Attachment 6. Instructions for completing these formats are given below.

(2) The Cost/Price Proposal shall be traceable to the CLIN structure provided in Section B of the solicitation.

(3) For the purposes of this acquisition, a distinction is made between the terms "subcontractor" and "vendor". A vendor supplies an unmodified commercial product and only pricing data is required. A subcontractor provides services and/or modified commercial products and is required to submit information other than cost or pricing data in accordance with FAR 15.403-3 or cost or pricing data in accordance with Far 15.403-4 on those products and services when the total of the materials and services exceeds 550,000 dollars during the initial contract award period.

k. Format Instructions.

(1) Cost/Price Format A. This format shall be used to summarize the total proposed price by cost element and by Government fiscal year. The Summary Format A should reflect the total offer (including the prime contractor, subcontractors, vendors, and interdivisional transfers). The General and Administrative (G&A) costs and profit/fee dollars under the prime contractor should include the prime's G&A and profit applied to subcontractors and interdivisional effort, if applicable. The totals from lines 12 (Total Cost), 13 (Profit/Fee), and 14 (Total Proposed Price) should coincide with the data contained on the first page of the cost proposal.

(a) Cost/Price Format A shall also be used to prepare a cost matrix for each CLIN summarizing the proposed cost/price by cost element and by Government fiscal year and reconciling these costs to the total proposed price shown on the Summary Cost/Price Format A. CLINs, that are not separately priced are not listed on these formats.

(b) Major subcontractors (those whose products and services exceed 550,000 dollars during the initial award period) also should prepare a Summary Format A, and Format A for all appropriate CLINs as discussed above.

(2) Cost/Price Format B Series (B, B-1, and B-2). This series provides information regarding Direct Labor Costs.

(a) Format B. This format provides a Summary of Direct Labor Costs by position description and

Name of Offeror or Contractor:

Government fiscal year. The prime contractor and each major subcontractor should provide a Summary Format B for each CLIN as appropriate. The total line at the bottom of each Format B should support the Direct Labor figure on the corresponding Cost/Price Format A.

(b) Format B-1. This format provides data to support the Summary of Direct Labor Costs contained within Format B. Specifically, Format B-1 provides a Summary of Direct Labor Rates by position-description and Government fiscal year. The prime contractor and each major subcontractor should provide a summary of Format B-1.

(c) Format B-2. This format also provides data to support the Summary of Direct Labor Costs contained within Format B. Specifically, Format B-2 provides a Summary of Direct Labor Hours by position-description and Government fiscal year. Hours should be broken out by standard and overtime. The prime contractor and each major subcontractor should provide a Summary Format B-2 for each CLIN as appropriate.

(3) The Cost/Price Format C Series (C, C-2, and C-3). This series provides information regarding Other Direct Charge (ODC) Costs.

(a) Format C. This format provides a Summary of ODC Costs by item and Government fiscal year. The prime contractor and each major subcontractor should provide a Summary Format C for each CLIN as appropriate. The total line at the bottom of each Format C should support the Other Direct Costs figure on the corresponding Cost/Price Format A.

(b) Format C-1. This format provides supporting data for services included in the Summary of ODC Costs in Format C. Specifically, Format C-1 provides a Summary of the ODC Unit Costs, namely, a summary of data related to the materials and services included in the proposal as other direct charges. The form provides space to list an item code (if available/used), item description, source (vendor), basis for selecting the source, basis for the unit cost estimate, unit cost, state tax if appropriate, and the total unit cost (unit cost plus tax). There are also columns available to indicate (yes or no) if G&A and/or Fee will be applied to the item. The prime contractor and each major subcontractor will be applied to the item. The prime contractor and each major subcontractor should provide a summary Format C-1.

(c) Format C-2. This format also provides the supporting data for services included in the Summary of ODC Costs in Format C. Specifically, Format C-2 provides a Summary of ODC Quantities by item description and Government fiscal year. The prime contractor and each major subcontractor should provide a summary Format C-2 for each CLIN as appropriate.

(d) Format C-3 and Summary Format C-3. This format provides data on Travel Costs. The summary of the Format C-3 total travel costs should be shown as one line on the corresponding Format C form. Format C-3, Summary of Travel Costs by FY, provides data to support the ODC travel costs. The prime contractor and each major subcontractor should provide Summary Format C-3 by FY for each CLIN as appropriate.

(4) Format D, Summary of Indirect Rates. This format provides summary data regarding the indirect rates used by the offeror. It should include rates such as direct labor overhead, G&A, various escalation rates, and the facilities capital cost of money, if any. The Format D summary rates should be supported by additional data, as necessary. The prime contractor and each major subcontractor should provide a summary Format D.

Format E, Summary of Fully Burdened Labor Rates, provides summary data on the fully burdened (including Profit) rates for CLIN 1010AA-5010AA. The data should include breakouts of labor categories (as provided in the RFP), base labor rates, direct and indirect labor adders, total composite rates and clarification narratives. The format includes the following: Column 1 will contain the Year(base or option years). Column 2 will provide the proposed labor categories. Column 3 will provide the base rates. Columns 4 and 5 (extended to as many columns as necessary) will provide the direct and indirect labor adders (including profit). (Extend columns as necessary so each adder has its own column). Column 6 will provide the composite (fully burdened) rate. Column 7 will provide any appropriate clarification remarks. Note: Additional columns and rows may be added to clarify the breakout of any cost elements.

(5) Supporting Data: The following supporting data also shall be included in an appropriately reference supporting narrative.

(a) Labor. A breakdown of labor classifications shall be required showing the estimated

Name of Offeror or Contractor:

hours, number of personnel, rates used, and total cost (the Cost Format B series may be used). The basis for the rates used shall be fully explained. Also, company pay scales must be provided showing the company classification and pay range. In support of Volume II.c.2, the offeror shall display all pay grade salary ranges (both current and proposed). Offerors should submit proposals that are in compliance with the Kuwaiti Labor Laws (see Attachment 003).

(b) Fringes, Labor Overhead, Other Overhead, Indirect Factors. The fringes, overhead and indirect factors must be broken down into the individual elements that they cover to include separate breakouts for work performed on-site or work performed at the contractor home office. These elements should be fully explained as to how the amounts were computed, both in figures and narrative.

(c) Overtime. Offeror shall include all cost for overtime to support work at the site. No other overtime shall be proposed unless it can be shown that this is cost effective. The offeror shall include an explanation of the basis upon which the overtime was computed.

(d) Pay Differential. If it is the offerors policy to pay its employees a differential due to work on swing and graveyard shifts or at remote locations, such differential shall be included in the cost estimate and explained with figures and words.

(e) General and Administrative Expense. An explanation of the base and rate used to compute the amount proposed shall be required. The rate shall be broken down into the individual elements of which it is comprised and any services that are provided to the contract through G&A shall be listed and explained.

(f) Fee. The offeror shall include the proposed Base Fee and Award Fee for the CPAF CLINs in accordance with Section B of the solicitation for the CPAF CLINs. The offer shall include the proposed profit on the FFP CLINs in accordance with Section B of the solicitation.

(6) IAW Section J, Attachment 18, the offeror shall provide two separate pivot table databases for Part 1-Camp Arifjan. The databases are provided in Section J, Attachment 18. The offeror shall utilize the EXCEL formats provided to input the required data for submission with the cost proposal. The prime contractor shall incorporate the proposals into the databases submitted by each major subcontractor. The databases shall match the data submitted in the cost proposal. In the event the Government requires revised cost proposals, the offeror shall submit revised databases that agree with the revised cost proposal. Two separate databases are required as follows:

(a) Labor Database: Each labor category shall be input for each SubCLIN and performance year. For example, if ten separate labor categories are performing work in subCLIN 1001, Performance Year 1, each labor category must be listed in Column (F) of the database along with the corresponding labor hours, productive hours, etc. Formulas may be utilized within the database to perform various calculations. Column size may be adjusted as necessary. The offeror may insert as many rows as necessary into the database. Numerical values in each column shall be formatted the same way throughout the database. Any narrative that is repeated shall be spelled and formatted the same way throughout the database, i.e. Position Title, Column (F). If no input is required, the cell shall be left blank. Do not change the data already shown in the database

(b) Total Cost Database: All costs for each subCLIN and Performance Year shall be input into the database. Formulas may be utilized within the database to perform various calculations. Column size may be adjusted as necessary. Numerical values in each column shall be formatted the same way throughout the database. Any narrative that is repeated shall be spelled out and formatted the same way throughout the database, i.e. Offeror Name, Column (D). If no input is required, the cell shall be left blank. Do not change the data already shown in the database.

(7) IAW Section J, Attachment 18, the offeror shall provide a pivot table database for Part 2-CEB-IZ. The database is provided in Section J, Attachment 18. The offeror shall utilized the EXCEL format provided to input the required data for submission with the cost proposal. The prime contractor shall incorporate the proposals into the databases submitted by each major subcontractor. The database shall match the data submitted in the cost proposal. In the event the Government requires a revised cost proposal, the offeror shall submit a revised database that agrees with the revised cost proposal. The database required is as follows:

(a) Labor Rates Database: Each labor category shall be input for each SubCLIN and performance year. For example, if ten separate labor categories are performing work in subCLIN 1010AA,

Name of Offeror or Contractor:

Performance Year 1, each labor category must be listed in Column (F) of the database along with the corresponding base labor rate, fringes, overhead, etc. Formulas may be utilized within the database to perform various calculations. Column size may be adjusted as necessary. The offeror may insert as many rows as necessary into the database. Numerical values in each column shall be formatted the same way through the database. Any narrative that is repeated shall be spelled and formatted the same way throughout the database, i.e. Position Title, Column (F). Do not change the data already shown in the database. If no input is required, the cell shall be left blank.

V. Volume IV-Small Business Utilization (This will only be for efforts (issued through a Task Order) performed CONUS). The contractor shall submit 2 hard copies (1 hard copy marked ORIGINAL and 1 additional hard copy) as well as two (2) electronic copies on CD-ROM of Volume IV-Small Business Utilization (Microsoft Office 2000 (Word/Excel)). Proposals are limited to 35 pages Courier New 10 font.

1. All offerors (small, large and foreign) are required to identify the extent to which the following small businesses and educational institutions will be utilized in the contract:

a. Small Businesses (SBs), Veteran-Owned Small Business (VOSB), Service Disabled Veteran-Owned Small Business (SDVOSB), Small Disadvantaged Businesses (SDBs), Women-Owned Small Businesses (WOSBs), Historically Underutilized Business Zone (HUBZone) Small Businesses, hereinafter all referred to as SB; and

b. Historically Black Colleges, Universities and Minority Institutions (HBCU/MI's).

2. For Small Businesses, as identified by the size standard for the North American Industry Classification System (NAICS) Code applicable to this solicitation, the offeror's own participation as a SB or HBCU/MI is to be identified and will be considered in evaluating small business utilization.

3. Small Business Utilization

a. The offeror is to provide names, products/services and estimated dollar value and type of SB and HBCU/MI's who would participate in the proposed contract in the format below.

<u>SB TYPE</u>	<u>ESTIMATED \$ VALUE</u>	<u>PRODUCT/SERVICE</u>	<u>COMPANY NAME</u>
----------------	---------------------------	------------------------	---------------------

TOTAL SB \$ _____

b. Large business offerors, where FAR 52.219-9 applies, shall identify the total subcontracting dollars.

c. Realism-All offerors are to provide a detailed description of their methods used to promote and utilize small business, as prescribed by FAR 52.219-8, in contracts performed within three years prior to the initial solicitation closing date for the same or similar items:

(i) A description and available documentation of the methods employed to promote small business utilization, and;

(ii) A description of the internal methods used to monitor small business utilization.

(iii) Large business offerors shall document their performance, using information prescribed by FAR 52.219-9 "Small Business Subcontracting Plan" in contracts within three years prior to the initial solicitation closing date, for the same or similar items. This documentation shall include their actual performance in utilizing SB and HBCU/MI contractors. The documentation shall include the final or most recent SF 294 for each relevant contract. If the large business proposes substantially different small business utilization than experienced on similar work in the past, they must explain how they will accomplish that higher/lower proposed level. Large businesses that have not had a contract in the past three years incorporating FAR clause 52.219-9, shall so state.

Name of Offeror or Contractor:

SECTION M - EVALUATION FACTORS FOR AWARD

A. Basis for Determination of the Offer that Represents the Best Value to the Government.

Proposals submitted in response to this solicitation will be evaluated in accordance with the evaluation factors set forth within this section. Selection of the offeror that represents the best value to the Government will be based on an evaluation of proposals and an integrated assessment of the following evaluation factors: Technical/Management, Past Performance/Performance Risk, Cost/Price, Small Business Utilization (only for efforts issued through Task Orders to be performed CONUS). The Government reserves the right to make no award as a result of the solicitation if, upon evaluation, none of the proposals are deemed likely to meet the technical requirements at an acceptable level of risk and/or cost/price.

B. Evaluation Criteria.

1. General for Camp Arifjan, Kuwait:

a. The evaluation criteria are divided into two tiers. The first tier criteria are called Factors. The second tier criteria are called Sub-factors.

b. There are four evaluation factors: Past Performance, Technical/Management, Cost or Price, and Small Business Utilization (for efforts issued through Task Orders to be performed CONUS only). The Technical/Management Factor is significantly more important than the Past Performance Factor. The Technical/Management Factor is significantly more important than the Cost/Price Factor. The Past Performance Factor and the Cost/Price Factor are relatively equal. Small Business Utilization will be evaluated for efforts to be issued through Task Orders with performance within CONUS.

2. General for CEB-IZ:

a. The Technical/Management Factor is significantly more important than the Past Performance Factor. The Technical/Management Factor is significantly more important than the Cost/Price Factor. The Past Performance Factor and the Cost/Price Factor are relatively equal.

3. Past Performance/Performance Risk-Factor.

a. The Past Performance/Performance Risk evaluation assessment will examine the sources, context, and general trends of the offerors recent, relevant past performance as it relates to the probability of successful performance. The Government will evaluate offerors' past performance on contracts/projects of similar size, scope, and complexity and assess each offeror's performance risk for this project. For the purpose of this evaluation, the term "offeror" includes all team or joint venture members and subcontractors performing major project functions.

b. Subfactors.

The Past Performance/Performance Risk Factor includes the following subfactors:

- (1) Technical and Quality Compliance
- (2) Cost Control
- (3) Risk Management Performance
- (4) Customer Satisfaction

Technical and Quality Compliance is significantly more important than the other three factors. Cost Control is second of importance. Risk Management Performance and Customer Satisfaction are of equal importance.

c. Evaluation of Performance. Evaluators will assign an adjectival rating to this evaluation factor and each of the sub-factors. The performance risk assessment will be performed based upon work the contractor has done in the three (3) years prior to solicitation closing date; commenced more than three (3) years ago, but were completed within one (1) year of the closing of this solicitation; or are on-going contracts/projects; and is moderately to highly relevant to the requirements of the solicitation. Recent performance will have more weight than earlier work. The individual ratings will be supported by a narrative rationale for each rating. The definitions of the adjectival ratings to be used as guides when assessing this factor and its subfactors are:

(1) Low Risk - Performance meets contractual requirements and exceeds on several requirements to the Governments benefit. The contractual performance was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.

(2) Moderately Low Risk - Performance meets contract requirements. The contractual performance was accomplished with some minor problems for which corrective actions taken by the contractor were effective.

(3) Neutral Risk- No significant performance record is identifiable.

Name of Offeror or Contractor:

(4) Moderate Risk - Performance meets contractual requirements. The contractual performance contains more than routine problems for which the contractor had to expend significant effort to meet delivery, cost, or quality requirements.

(5) High Risk - Performance does not meet some contractual requirements. The contractual performance reflects a serious problem for which the contractor did not or has not yet identified corrective actions. The contractors proposed actions appear only marginally effective or were not fully implemented.

4. Technical/Management - for Camp Arijan, Kuwait.

a. Factor.

The Technical/Management evaluation will gauge the offerors management proposal, concepts, understanding and experience performing unit and direct level -10/-20 TM maintenance on Army Stocks; operating a Government Supply System, and attracting and staffing a trained and skilled work force. Innovative and cost saving approaches to mission accomplishments are important to the government.

b. Subfactors.

The Technical/Management Factor includes the following two subfactors:

- (1) Personnel Transition Management
- (2) Operations Management

Personnel Transition Management is approximately equal to Operations Management.

c. Scope of the Evaluation of the Technical/Management Sub-Factors.

(1) The Personnel Management evaluation will consider the transition and staffing plan presented within offerors proposal. Specific areas for evaluation include the comprehensiveness of activity scheduling, realistic activity duration and resource planned for the transition time frame. The staffing and key personnel evaluation will focus on evidence of comprehensive, reasonable organization structured to perform the mission and staffed with well-qualified individuals at every level. The staffing plan must be consistent with the cost/price proposal. Evidence of innovative and/or unique approaches is beneficial. Transition planning and staffing is important to the government.

(2) The Operations evaluation will focus upon information presented in the offerors proposal. The Maintenance evaluation will consider the comprehensiveness and reasonableness of the offerors overall plan for management and execution of the maintenance mission, the Direct Labor Maintenance Spreadsheet and the flexibility of the workforce. Cost effective and efficient management of the maintenance and preservation programs using innovative proven approaches is desirable. The Supply evaluation will consider the comprehensiveness and reasonableness of the offerors overall plan for management and execution of the supply mission and description/rationale of hours identified in: receive and issue; preservation, packaging, and storage; shelf life items; inventory; movement support team; transportation; and other. Cost effective and efficient management of the supply operations using innovative proven approaches is desirable. Efficient, timely, and accurate management of all stored material is important to the Government.

d. Evaluation of Technical/Management.

Evaluators will assign an adjectival rating to this evaluation factor and each of the sub-factors. The individual ratings will be supported by a narrative rationale for each rating. The generic definitions of the adjectival ratings to be used as guides when assessing this factor and its sub-factors are:

Excellent: The offerors proposal demonstrates an excellent understanding of requirements and approach that significantly exceeds performance or capability standards. Exceptional strengths identified that will significantly benefit the Government. Evidence provided validates the effectiveness of the stated approach and benefits. No significant weaknesses identified. Low risk of failure.

Good: The offerors proposal demonstrates a good understanding of requirements and approach that exceeds performance or capability standards. Strengths identified that will benefit the Government. Evidence provided indicates that the stated approach will be successful and that the stated benefits will be attained. Weaknesses may exist but they are readily correctable or capable of being resolved without substantial impact on cost or schedule. Moderately low risk of failure.

Satisfactory: The offerors proposal demonstrates an acceptable understanding of requirements and approach that meets performance or capability standards. Few or no strengths. Weaknesses may exist but they are readily correctable or capable of being resolved without substantial impact on cost or schedule. Moderate risk of failure.

Marginal: The offerors proposal demonstrates shallow understanding of requirements and approach that only marginally meets

Name of Offeror or Contractor:

performance or capability standards necessary for minimal but acceptable contract performance. Significant weaknesses exist which would require a major proposal revision in several critical factors and could impact cost and/or schedule to resolve. High risk of failure.

Unsatisfactory: The offerors proposal demonstrates a lack of understanding of requirements or omission of key Government requirements. Deficiencies, significant weaknesses and/or omissions exist which will require a major revision to the proposal to make it acceptable. Very high risk of failure.

Technical/Management - for CEB-IZ.

Factor.

a. The technical evaluation will gauge the offerors proposal, concepts, understanding and experience in developing and executing a plan to establish operations in very austere conditions: Logical and clear methodology and milestones are important to the Government.

5. Cost/Price-Factor.

- a. The basis for award for the Cost/Price area will be total evaluated price.
- b. The staffing plan must be consistent with the cost/price proposal.
- c. The Firm Fixed Price CLINs shall be evaluated by adding the prices for the Firm Fixed Price CLINs for all performance years. A price analysis will be performed to determine fairness, reasonableness, and magnitude of the Firm Fixed Price CLINs.
- d. A cost/price analysis will be performed to determine realism, reasonableness and magnitude for the Cost Reimbursable CLINs (CPFF and CPAF). Based on the results of the cost/price analysis, Most Probable Adjustments may be made to the offeror's proposal.
- e. These methods of evaluation may include the use of information from sources such as (but not limited to) the Defense Contract Audit Agency (DCAA), Defense Contract Management Agency (DCMA) and other Government personnel.
- f. Cost may play an additional role since considerations of cost in terms of overall total program evaluated costs, best value, and affordability may be controlling in circumstances where two or more proposals are otherwise adjudged equal or when a technically superior proposal is at a cost that the Government cannot afford.
- g. As part of the cost/price evaluation, proposals may be reviewed to identify any significant unbalanced pricing. In accordance with FAR 15.404-1(g), Unbalanced Pricing, a proposal may be rejected if the Contracting Officer determines the lack of balance poses an unacceptable risk to the Government.
- h. For CAP/CAS CLINs (Cost Only), each offeror shall use the surrogate price of \$500,000.00 for each performance year (base year and 4 option years) of the contract in the cost proposal for evaluation purposes.
- i. For CLIN 1010AB (Start-Up Facility Costs), each offeror shall use the surrogate price of \$50,000,000.00 for the base year only for evaluation purposes.

The following ratings will be used when assessing the financial capabilities of offerors:

(1) Acceptable: The contractor's financial condition, as represented in its data submitted in response to Section L of this RFP, demonstrates sufficient financial resources to complete the intended effort.

(2) Unacceptable: The contractor's financial condition, as represented in its data submitted in response to Section L of this RFP, demonstrates insufficient financial resources to complete the intended effort.

6. Small Business Utilization-This will only be for efforts, issued through Task Orders, performed CONUS.

- A. The Government will evaluate all offerors (small, large, and foreign) proposed utilization of:
 - Small Business (SB)
 - Small Disadvantaged Business (SDB)
 - Women-Owned Small Business (WOSB)
 - Veteran-Owned Small Business (VOSB)
 - Service Disabled Veteran-Owned Small Business (SDVOSB)
 - Historically Underutilized Business Zone Small Business (HUBZone) hereinafter all to be referred to as SB, and
 - Historically Black Colleges and Universities/Minority Institutions (HBCU/MI).

---------------------------	---	----------------------

Name of Offeror or Contractor:

B. For Small Businesses, as identified by the size standard for the North American Industry Classification System (NAICS) applicable to this solicitation, the offeror's own participation as a SB or HBCU/MI is to be identified and will be considered in evaluating small business utilization.

C. The Government will evaluate the extent to which an offeror identifies and commits to utilizing SB and HBCU/MI in the performance of the proposed contract as well as how well it has performed in this regard in the past. Such utilization may be as the contractor, a subcontractor, or as a member of a joint venture or teaming arrangement. The elements to be evaluated are:

1. Complexity of specific products or services that will be provided by those SB's and HBCU/MI's.
2. Estimated total dollar amount to Small Businesses, as well as in each of the Small Business categories and HBCU/MI's.
3. Realism-The Government will evaluate the offeror's actual past performance in achieving the proposed small business utilization on contracts performed within three years prior to the initial solicitation closing date for same or similar items to assess the realism of proposed small business utilization. This evaluation will include an assessment of:

a. The offeror's performance as prescribed by the Federal Acquisition Regulation (FAR) clause 52.219-8, "Utilization of Small Business Concerns". SB's and HBCU/MI's are reminded to include their own performance on their contracts.

b. For large business offerors, their performance as prescribed by FAR 52.219-9, "Small Business Subcontracting Plan". This includes evaluation of the offeror's actual performance in meeting SB and HBCU/MI subcontracting goals. Large businesses that have not held a contract in the past three years that included FAR 52.219-9, will be evaluated against FAR 52.219-8 only.

c. Offerors without a record of past performance will not be considered favorably or unfavorably in developing a realism assessment. The fact that the offeror has no past performance will be noted for the Source Selection Authority.
